#### PREPARE FOR COMMON MINOR INJURIES & EMERGENCIES

When an injury occurs, a stocked first aid kit can save someone's life. Think about others who are risking injury while on the job and do the right thing. Let everyone know you have a stocked first aid kit ready to use and tell them where it is in case an accident occurs.

#### Portable and Convenient

Portable and Convenient. Durable, compact bag (8 inches long, 6 inches wide, 2.5 inches thick), Easy to carry and fits anywhere.

#### Clear and Practical Compartments

You can quickly access the first aid components you need. The zippers are strong and there is plenty of space to insert additional items such as your own medications or other necessities that you can't leave home without.

#### Take it Outdoors

First aid is important for a number of situations that don't require a trip to the hospital or emergency room. These situations include minor falls, bee stings, and other common accidents.
